FOOTBALL CAMP

WHO WE ARE

Nexus Sport Academy is Milan's leading sports organization for kids and teenagers.

OUR MISSION

Inspiring the new generations to shape the world through sports.

OUR LOCATION

Our camp is located just **30 minutes outside of Milan**, in a beautiful sports center called SportItalia Village. The center is perfect for younger players, encompassing various football fields, swimming pool, internal restaurant, urgent care center and nearby residences.

Our Partner:

RESIDENTIAL AND DAY CAMP FOR SUMMER 2024

AGES 8 - 16

IN PARTNERSHIP WITH AC MILAN JUNIOR CAMP

Learn from one of the world's top football clubs with all-new, age-tailored residential camps. Choose from **7 or 14 nights**.

Coaching is delivered by **AC Milan** in programmes inspired by the Milan Academy curriculum. All camps include a day at **San Siro's stadium** (AC Milan's home stadium) and a day trip to **Lake of Como** for participants that choose the 2-weeks program.

WHY INTERNATIONAL FOOTBALL CAMP?

Football Skills - Football training focuses on developing the fundamental technical skills needed to progress in a fun and dynamic environment.

New International Friendships – The camp experience builds greater self-confidence, maturity, and new friendships with players from around the world.

English & Digital Skills – Enhance both English skills and ride the digital wave by coding in Python and writing your own video game.

UEFA CERTIFIED COACHES

The coaching curriculum is designed and delivered by the Milan Academy through **UEFA certified coaches**, one of the world's leading football, education and community programmes. Aimed at players looking to transition to the senior game and experience a university campus, this smaller programme takes players, grouped by age and ability, deeper into the tactical side of football.

Milan Academy coaches offer players an in-depth insight into how to improve individual performance. On-pitch coaching is modelled on key elements of the **Milan Academies training method** with detailed technical drills reflecting in-game scenarios and sequences. Coaches look to develop the physical attributes and mental toughness needed to succeed at a senior level, giving players an all-round football experience.

DAILY PERFORMANCE REVIEW

All trainings will be recorded on camera on a daily basis. Coaches will work with each player individually in order to enhance their skills and take their training to the next level.

EUROPE STYLE”**

The New York Times

BEYOND SPORT

The International Football Camp goes beyond sport by offering English language enrichment skills and fun digital skills adoption.

DIGITAL SKILLS ADOPTION COURSES

In a fast-paced changing environment, software is eating the world. We believe that digital skills are key for future generations to make a positive change in tomorrow's world. At International Football camp, we want to do it while having fun. During these classes, our teachers will teach the principles of the **programming code Python** and other programming languages, including **creating a mini videogame**.

ENGLISH LANGUAGE ENRICHMENT

Classes focus on sport, engaging students' passion for the subject to promote language learning in a fun and interactive environment. Qualified native **English-speaking teachers** infuse language learning into lively and active classes, discussions and activities take center stage. Teachers guide students to improve their verbal communication skills while discussing legendary players, interviewing coaches, or writing and speaking their own commentary. Learning is supported by English teachers living on-site and **English is spoken at all times** throughout the camp, creating an immersive learning environment.
